The Indiana Biomedical Society was formed in October, 1990, to advance the quality, development and role of biomedical technology in the health care institution by:

1. Providing a medium for the interchange of ideas and the dissemination of information among members.
2. Conduct regular meetings, conferences and educational programs.
3. Encourage and assisting members to develop their knowledge and increase their competence in the field of biomedical technology.
4. Promoting the field of biomedical technology and publicizing its members' existence.

There are many reasons to join the Indiana Biomedical Society.

- Associate members have the opportunity to serve on the board of directors and lead the IBS into the future.
- A certificate of membership will be given, which you can proudly display.
- Attend and/or present Bi-monthly meetings/presentations which cover new and exciting technologies.
- Interact with other Biomedical professionals.
- Earn points toward certification.
- Receive a discount on the annual conference admission.
- Make new friends.
